- Creating mockups of new website designs or alterations to existing site designs
- Carrying out front end-related maintenance tasks on our websites, including text updates and sourcing images for editorial content
- Implementing designs using HTML and CSS
- Self-organisation and working on several projects concurrently

Required skills and experience:

Essential skills

- Proficiency with Drupal 7
- Strong front-end skills: HTML5, CSS3, JavaScript, and jQuery
- Good knowledge and experience of Adobe Creative Suite
- Experienced in responsive web design
- Experience with cross browser web development
- Familiar with version control (Git/Subversion/Mercurial etc.)

Desirable

- An understanding of UX principles and SEO
- Jira
- Knowledge of either Less or SCSS
- InVision app
- Drupal 8

Salary and Benefits:

- 14 month fixed term contract, with a 3 month probationary period
- 37.5 hours per week Monday to Friday – 9.00 – 5.30pm
- Salary – circa £23k per annum for duration of the contract, dependent on experience
- Automatically enrolled onto Company pension scheme after 3 month qualifying period
- 25 days holiday per annum plus bank holiday
- Enhanced maternity/paternity policies and life assurance cover.

About GTI:**Website: www.groupgti.com**

When we formed GTI 30 years ago, our mission was simple: to help organisations recruit top early talent, while providing students with the best resources possible to make successful decisions about their future. Today, we are the UK and Ireland's leading provider of graduate and school leaver recruitment services for employers looking to attract and recruit the most talented and engaged students.

Through our brands: TARGETjobs, TARGETcareers, TARGETconnect, TARGETrecruit and gradireland we provide access to top-quality students through an unbeatable series of media products and databases. We also support companies recruiting early talent with market-leading products and services including student research, employer branding, candidate sourcing, recruitment process outsourcing (RPO) and application tracking systems (ATS).

For schools and higher education institutions, we offer unique support and partnerships to help their students make more informed career decisions through careers guidance programmes, database software solutions and postgraduate resources.

Our targeted multimedia careers resources for students and school leavers include the UK's largest graduate jobs website, the most-read careers publications on campus, and industry-renowned events designed to improve work-readiness. It is because of this reach that we have well over a million registered university students and school leavers on our database.

Through experience working alongside over 3,000 corporate and academic clients and with operations across Europe, Asia-Pacific, North America and beyond we are proud to offer the very best products, resources and services at every stage from education to employment.
