

JOB DESCRIPTION

Business Area: IT Development
Location: Wallingford
Job Title: PHP/Drupal Developer
Reporting to: Software Development Team Leader

The Role

GTI Media is looking for an experienced PHP developer to work on our Drupal based media platform. The PHP/Drupal developer will be responsible for ongoing support and development on the system.

Key Responsibilities

- Working within a team to develop and maintain solutions to business requirements primarily on a LAMP stack
- Collaborating with developers / designers to build additional features on our Drupal based media platform
- Ongoing maintenance of the platform including resolving functional and performance issues
- Working with the wider IT department on integration with middleware services

Key Skills Required

- Good knowledge of web technologies - essential
- Practical PHP/MySQL experience – essential
- Experience of working with large databases - essential
- Experience of LAMP stack - essential
- Knowledge of PHP frameworks – particularly desirable
- Experience of Drupal – particularly desirable
- Experience of Drupal module development - desirable
- Knowledge of working with networking systems and multiple domains - desirable
- Understanding of UNIX and source control systems - desirable

Educational Requirements

- Educated to at least degree level in computer science at a UK University.
- Another relevant degree combined with relevant in-house work experience would also be considered.

Experience Required

- At least 2 years of proven experience of PHP web development is required
- At least 2 years of proven experience of the LAMP stack is required

Personal Skills Required

- Good project management skills would be an advantage. The role will involve co-ordinating with other development resource and internal experts to ensure a smooth development process to agreed timescales
- Good problem-solving skills – As we integrate a range of technologies within our website infrastructure good problem-solving skills will be important
- Excellent time management – requests/ projects need to be resolved in a timely and organised manner
- Good communication skills – this role will bring you into contact with a variety of different people in the business and an ability to clearly communicate ideas will be important

Other Information

- Permanent role, full time 37.5 hours per week – Monday – Friday 9.00 – 5.30, with an hour break for lunch
- 3 month probationary period
- Salary – circa £35k, dependent on experience
- Flexible working environment
- Training for continued professional development
- Automatically enrolled onto Company pension scheme after 3 month qualifying period, with employee contributing 3% of monthly salary and GTI will match employee contributions up to a maximum of 5% of monthly salary
- Initial 23 days holiday per annum plus bank holiday, rising by 1 day per year
- Childcare vouchers, enhanced maternity/paternity policies and life assurance cover.

ABOUT GTI

Website: www.groupgti.com

Group GTI is Europe's leading provider of graduate careers information and services to graduate recruiters and universities. Through our websites, publications and events we offer unrivalled advice and information for students moving from education to employment. For graduate employers and recruiters, we offer access to top quality students through an unbeatable range of media products and services. We also support the recruitment activity of graduate recruiters with an exciting range of products and services including student research, employer branding, event management, recruitment process outsourcing (RPO) and application tracking software (ATS).

Our largest operations are in the UK and Ireland. However we are increasingly working with clients across Europe and beyond. With over 25 years' experience and over 1,300 corporate clients, we are proud of helping young people make their first choices of employer.

GTI Media Ltd publishes over 80 market-leading careers products in our mission to help students and graduates throughout the world make better decisions about their future. In the UK, our major brands are TARGETjobs, TARGETpostgrad, TARGETjobsevents and TARGETcareers; in Ireland, we are the official careers publisher for all universities with our postgradireland range of products. In addition, we are the publishing partners for 11 of the finest universities and business schools in the UK and Ireland through our Careers Service Guide range.
